Mr. Philip Steinhauer
Designscapes Colorado
15440 E. Fremont Drive
Centennial, CO 80112

Dear Mr. Steinhauer:

My husband and I would like to let you know how pleased we are to have had the opportunity to work with Holly, Reggie, Gabriel and "the crew" from Designscapes Colorado.

Holly is absolutely great! She is a remarkable listener and was able to take our goals and ideas and incorporate them into the design of two beautiful patios, raised beds and a walkway. She made herself available to answer questions promptly, at any time, from the proposal stage through the project's completion. Her design and construction suggestions were hugely appreciated and her enthusiasm and knowledge made her a pleasure to work with – she made us feel like part of the team.

We were also impressed with the professionalism and artistic ability of everyone we met, ranging from Holly to each of the men selecting and placing the flagstone in our patio. The attention to detail, skill and the personal work ethic of each person was clearly evident. Everyone showed up early each morning, worked diligently all day and left our yard in order before leaving in the evening. Furthermore, the crew could not have been more polite or more concerned with our satisfaction.

To sum it up, every person we met from Designscapes Colorado extended themselves to make sure that we were delighted with our new hardscape. We are happy to recommend Designscapes Colorado to our neighbors and friends and we look forward to continued landscape work with you in the future.

Thank you for leaving us with a great experience.

Yours truly,

Noreen P. Dahl
