

**DENVER PUBLIC SCHOOLS
INTERDEPARTMENTAL COMMUNICATIONS**

TO: Tom Brownfield

THROUGH: Colorado Designsapes

FROM: Jerry Lindeman

DATE: 1-5-06

I would like to take this time to express my gratitude to Colorado Designsapes and all of their employees for their years of invaluable maintenance and service to the 145+ Denver Public Schools Sites. Colorado Designsapes have become a tremendous asset to the District in providing an excellent finished product on numerous Projects that have included General Contractor for landscape, fencing, concrete, irrigation and most of all our Learning Landscape projects that have turned our old school playgrounds into play areas second to none in the Country.

We have used Colorado Designsapes to help out in several emergencies where their service has proved the key in resolving problems that arise in Denver Public Schools. They always act in a professional manner and The District would have no problems recommending them as a competent resource for any company
